## My Summer

By Faisal

English/Arabic

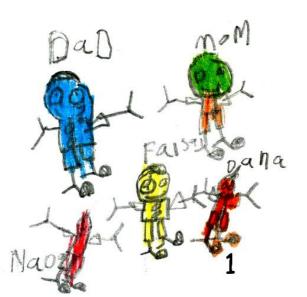

In summer, I had a great time with my family and friends.

I went to outdoor soccer practice. I love soccer a lot.

We celebrated Ramadan and Eid el Fitar.

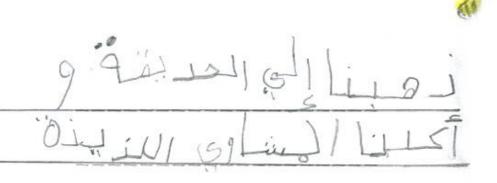

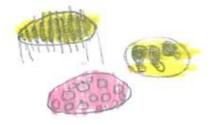

We went to the park and did a lot of barbecues.

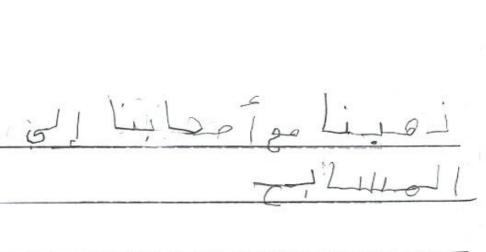

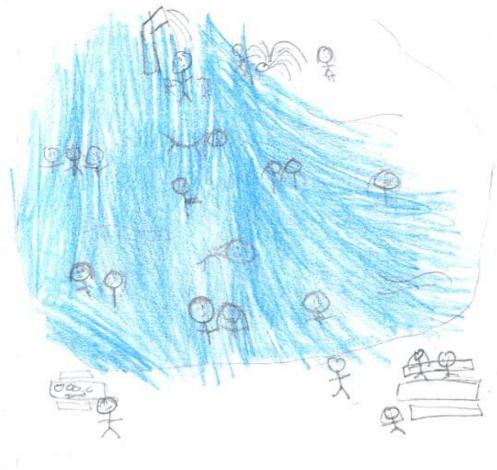

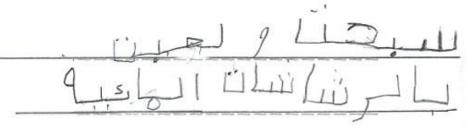

We went with our friends to swimming pools.

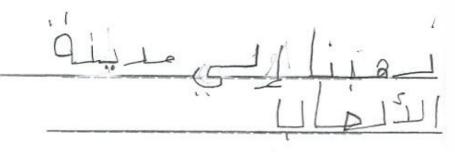

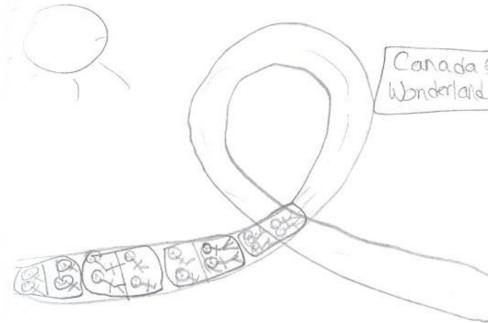

I had a great time swimming and playing with water guns.

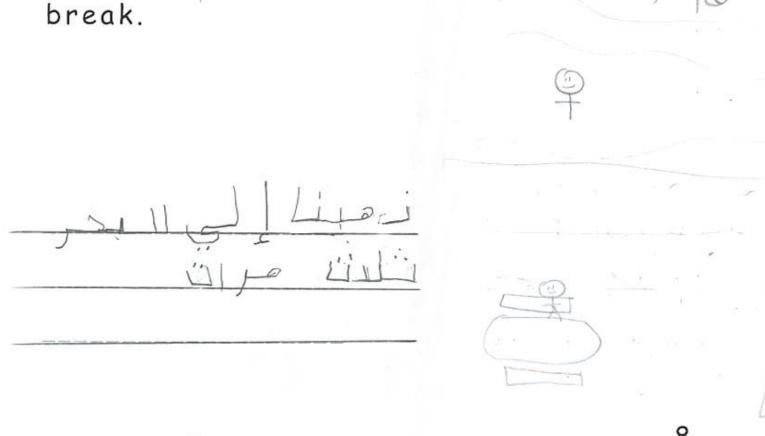

We also went to Canada's Wonderland. I like going backwards on the spinning ride.

We went to the beach three times during the summer break.

I feel happy in the summer because we can go outside in the summer and play in the park from 6:00 - 8:30 p.m..
