My sister, Luliya,  
comes into our room  
at 6:15. She shakes  
us and tells us to get  
ready. "It's time for  
school."

and put lotion on my

Then I go down two flights of stairs to the study room. I get my agenda and my bag and whatever I need for school.

Then I go upstairs to the kitchen to eat breakfast.

Sometimes I have peanut butter sandwich and sometimes I have cereal. I know how to toast bread and spread peanut butter.

If I am a little late,  
my sister prepares  
breakfast. If my  
sister is still changing  
or doing something in  
her room, my brother,  
Fanuel prepares my  
food. After I finish  
my breakfast, I get  
ready.

Finally my brother or my sister takes me to Vithushine's house and her mom takes us to school. We walk with three other people. Their names are Mithilan, Tamiliny, and Adere.
